

Health Kits for Haiti

UMCOR Health Kits

Jesus commanded us to
“Love one another as I have loved you.”

Show your love and concern for the people of Haiti who are struggling with a devastating earthquake. UMCOR estimates that hundreds of thousands of these health kits will be needed in the days and months ahead.

Health Kit

- One hand towel (15” by 25” up to 17” by 27”), no kitchen towels
- One washcloth
- One large, wide-tooth comb (no pocket combs)
- One metal nail file or fingernail clipper (no emery boards)
- One bath-size bar of soap (3 oz and up)
- One toothbrush (in original packaging, no child-size brushes)
- Six adhesive plastic strip sterile bandages
- Two dollars (\$2) for toothpaste and shipping

Seal all items in a one-gallon plastic bag with a zipper closure. (Note: UMCOR Sager Brown is now purchasing toothpaste in bulk to be added to health kits before shipping to ensure that the product does not expire before they are sent.)

Notes on all kits:

- Items included must be NEW items.
- Kits are carefully planned to make them usable in the greatest number of situations. Since strict rules often govern product entry into international countries, it is important that kits contain only the requested items -- nothing more.
- Do NOT include any personal notes, money or additional materials in the kits. These things must be painstakingly removed and will delay the shipment.

Bring your kit to the church on or before **Friday, January 29**. We will be delivering them on Saturday, January 30.
